Dear Ms. Ferrell:

This is to express our highest degree of satisfaction with the consistently professional, courteous, and prompt support we received from the law firm of Cunningham & Associates, Arlington, VA, over the five year term of the POACRE versus Drefs case. We particularly wish to commend Mr. Joseph Cunningham himself for his wise guidance in documenting and defending our case, during an extended and stressful series of hearings in which the opposing attorneys changed twice due to frustrations imposed by their own intractable client. The case was concluded with a ruling in our favor on May 4th.

Sincerely,

John A. Eney

POACRE President

And

Mrs. Debora Huddleston

POACRE General Manager
